

Shivam Maurya

Full Stack Web Developer

PROFESSIONAL SUMMARY

Proactive full stack web developer with expertise in JavaScript, React, Node.js, and MongoDB. Effective collaborator who translates project requirements into functional and scalable web applications. Strong problem-solving and attention to detail skills. Stay up-to-date with industry standards and enhance development workflows.

PROJECTS

1. CryptoTracker | |

React | Redux | RESTful APIs | Responsive Web Design

- Developed a web app using React.js and integrated it with the CoinGecko API for tracking cryptocurrency data.
- Implemented real-time price tracking, market capitalization, trading volume, and interactive charts.
- Utilized Redux for state management and implemented responsive web design using CSS frameworks.

2. House Hunter | |

React | Node.js | Express.js | MongoDB |

- Collaborated with a team of 5 members to build a web app using React, Node.js, Express.js, and MongoDB.
- Contributed to the development of frontend components and implemented responsive web design.
- Focused on creating a user-friendly interface for searching and viewing house listings.

WORK EXPERIENCE

Edureka
